

Corporate Environmental, Health and Safety Commitment

Clean Harbors, Inc., and its subsidiaries are committed to a standard of excellence as an environmental, health and safety leader and affirms to its employees, customers, shareholders and the public that it will always conduct its business activities in a manner which is protective of human health and the environment. The Clean Harbors' Corporate Environmental Health and Safety Policy is intended to ensure that the company continuously achieves superior performance in fulfilling this commitment:

- We will continuously ensure that all our activities comply with all federal, state, provincial and local environmental, health and safety statutes and regulations and we will make every effort to exceed those standards whenever possible to further enhance health & safety and the environment.
- We will maintain and operate all our facilities and transportation equipment so they are safe, and protective of the environment.
- We will conduct ourselves as an environmentally responsible neighbor in the communities where we operate, and always strive to prevent or correct conditions that pose problems for public health, safety or the environment.
- We will conduct our operations in a manner that prevents pollution and conserves natural resources.
- We will strive to continually improve Clean Harbors' Environmental, Health and Safety Management System.
- We will conduct audits and self-assessments of compliance with this Policy, measure progress of the company's environmental, health and safety performance to ensure that results demonstrate continual improvement, and report periodically to the Chief Executive Officer, the Audit Committee of the Board and the Board of Directors on our performance.
- The Chief Executive Officer and the Board of Directors will ensure that Policies are in place and actions taken to achieve this commitment, including the provision of adequate personnel and resources to effectively implement the company's Environmental, Health and Safety Management System.
- Every employee and every contractor on Clean Harbors premises or sub-contractor on Clean Harbors' projects are expected to adhere to this Commitment and to comply with Company Policies and to report environmental, health and safety concerns to Clean Harbors' Management. Clean Harbors Managers are expected to take prompt and appropriate remedial action if notified of an environmental, health and safety concern.

Alan S. McKim
Chairman, President and
Chief Executive Officer
