

CHEMICAL DISTRIBUTION SERVICES

Service Chemical Line Card

Specializing in Chemical Alternatives for -

- Toxic use reduction
- Volatile organic compound reduction
- Waste minimization
- Flammable solvent reduction
- Ozone depleting substance reduction
- Hazardous air pollutant reduction

Registered Distributor for -

3M - Novec Engineered Fluids, PF Performance Fluids, Engineered Metalworking Fluids and FC Fluorinerts

Vantage Specialty - *New Lenium Vapor Degreasing Solvents & Advanced Medical Fluids*

- Defluxers
- Esters
- AVD systems
- Tape residue removers Degreasers
- Aqueous cleaners
- Wax removers
- D-Limonene/Terpene
- Organic solvent systems
- Stencil cleaners
- Solvating agents
- Semi-aqueous cleaners
- Pre-saturated solvent wipes
- Petroleum hydrocarbons

Vapor Degreasing Fluids

- Lenium ES Precision defluxing solvent Azeotrope
- Lenium CP Solvent for delicate plastics & elastomers
- Lenium GS Precision degreasing solvent

Additional Service Chemical Specialties

- **Total Chemical Management Solutions:** Inventory warehousing and controls with automatic just-in-time service
- **Commodity/Generic, Specialty Solvents, Custom Blends:** Active Solvents; Acids/bases; Plating, Metal finishing, Water treatment, PC Fab chemicals; Petroleum solvents; Blends; Alcohols, Ketones
- **U.N./D.O.T. Approved Containers:** Pails, drums, cubic yard containers

Green Field Global - *Reagent & Specialty Chemicals and High Purity Solvents*

- USP/NF, FCC
- Reagents ACS
- Kosher
- HPLC

Puritan Products/VWR - *High Purity Processing Chemicals*

- Semiconductor
- Electronic

Certifications

- ISO 9000: 2015 Certified
- NSF-ISR Registration 6R471-IS5

Service Chemical Facility (18,000 square feet)

- 9000 sq. ft. Class One Division Two flammable storage permitted for 60,000 gallon capacity
- 9000 sq. ft. General chemical storage area including 120 sq. ft. refrigerated storage and 800 sq. ft. temperature controlled storage.
