Re: Clean Harbors Canada, Inc. 2023 Annual Waste Management Summary
Approval 10348-03-01

Enclosed is the 2023 Annual Waste Management Summary as required by Sections 4.6.30 and 4.6.31 of the above approval.

The summary is broken into two parts. The first part contains the summary of all waste received at the facility which was destined for recycle or disposal at facilities other than Clean Harbors Ryley and the waste which was received on-site but not yet shipped on December 31, 2023. The second part contains the summary of all waste received at Ryley which was landfilled at the site. This is further broken down into non-hazardous waste and hazardous waste landfilled.

Yours truly,
Clean Harbors Canada, Inc.
